For my friends in Japan. During the golden age of Ultima, I had the honor to visit Japan regularly. Our partners and players in Japan, helped grow Ultima in Japan to often beat the US market! I believe you will enjoy this book. I hope to visit Japan again soon. With my son Ronin!

Weren't you on billboards here back in the day?

I moved to Japan in kind of the between times. Games were increasing in popularity (I was in Tokyo when the PS2 launched in the US) but still weren't mainstream. Then I came here and saw TV commercials and in-train ads and whatnot
